

Salt Neutralizer

Reorder No: 0422PC

What is Salt Neutralizer?

This expertly crafted salt neutralizer is designed to directly fend off the corrosive effects that de-icing agents can have on vehicles. Neutralizing the effects of salt has become increasingly more important since municipalities have changed from the traditional sand & salt method in favor of liquid brines which are typically magnesium or sodium chloride solutions. While these solutions tend to be more effective, they also tend to stick to vehicles more and can create dangerous corrosion. McHenry's Salt Neutralizer will allow you to combat these costly repairs quickly and effectively.

BENEFITS:

- Helps Neutralized the Effects of Salt
- Safe on Vehicles
- Self-Neutralizing
- 100% Biodegradable

DIRECTIONS FOR USE:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read SDS.

Dilute at 90-128:1.

AVAILABLE PACKAGES:

- 0422PC-5: 5 gallon plastic pail
- 0422PC-55: 55 gallon plastic drum
- 0422PC bulk: bulk tank program

RECOMMENDED USES:

- Polished aluminum trailers and tanks
- Anodized aluminum wheels
- Restoration and diamond plate
- White rust and pitting

TECH SPECS:

Color	Blue
Fragrance	Cherry
Form	Liquid
Phosphates	None
Flashpoint	N/A
pH	2-3
Specific Gravity	1.03
Viscosity	Thin
Foam	Moderate
Biodegradable	100%
Shelf Life	1 Year
