- Aircraft, Boat, Bus, RV, Armor Vehicle Cleaning
- Food & Beverage Processing
- Graffiti, Sticker, Gum, Vinyl, Weed Removal
- HVAC, Solar Panel Cleaning
- Residential & Commercial Cleaning

Optima Steamer™ is ideal for mobile cleaning operations

Heat efficient steam vessel

The steam vessel's "Air-wall" insulated structure and "Upside-down" burning system maximize heat transfer and fuel & energy efficacy.

Electric coil-heating system

Equipped with a coil-heated, electric steam generator that is designed to produce steam in 7 min. and automatically turns on/off to maintain optimal operating pressure.

Unrestricted mobility

The convenient all-in-one unit allows customers to wash and detail anywhere and everywhere without the hassle of visiting a car washing outlet.

Safety and Utility

Users find this model versatile, safe and easy to operate with minimal instructions. It requires little maintenance and downtime is minimal.
